

INDUCTION HEATING: THE UNTOLD STORY

8:30 - 12:00

Topics:

- fundamentals of induction heating
- theory & practice
- resonance & resonant circuits
- induction coils
- air-cooled vs. water-cooled coils
- equipment cooling options
- fixturing for your parts
- temperature measurement

APPLYING INDUCTION HEATING TO YOUR PROCESS

13:00 - 17:00

Topics:

- live equipment demonstrations
- application overviews & videos: brazing, soldering, hardening, metal-to-plastic, cap sealing, many more
- industry highlights: aerospace, fastener, medical, automotive
- audience Q&A, system recommendations

Presenters

Dr. Girish Dahake
Sr. Vice President Global Applications
Ameritherm Inc.

Mr. Stan Zinn
President
Ferrotherm,
Rochester, NY

M. Loris Koenig
Gérant
Ameritherm France
